# INDEX.

A centenarian, 183.
A happy country, 287.
A leech on the walls of the glottis, 10.
A metaphysical dead-lock, 48.
A practical joke, 120.
A supposed testicle removed from the vagina of a hermaphrodite, 21.
Abdomen, perforating wound of, with protrusion and wound of intestine; recovery, 430.
Abdominal inflammations, local use of cold in, 316.
Abortion, a case of, attended by severe uterine hemorrhage, tetanus, and death, 433.
legal opinion concerning, 350.
Abortions, medico-legal aspect of, 166.
Abscess, diagnosis of peri-nephritic, in children, 476
of liver opening into the pleura and bronchi, 166.
of the anus in typhoid fever, 299.
of the liver following cerebral injuries, 154.
Abscesses, false, in bones and neuralgic osteitis, 155.
Acne, 144.
due to bromide of potassium, 108.
Action of constant currents on muscles deprived of their nerves, 38.
of quinine, 10.
Acton, Mr. William, death of, 192.
Actual cautery, prevention of pain after application of the, 295.
Acute inflammation of the cellular tissues of the supra- and post-auricular region, 477.
Adulteration of chocolate, 72.
Affections of the tongue which resemble those of tertiary syphilis, 118.
Albuminuria and eclampsia at the eighth month of pregnancy, 219
Alcohol, child fatally poisoned by, 463.
grape sugar in, 538.
in its therapeutic relations as a food and a medicine, 621.
new test for, 480.
physiological action of, 262.
question, the, 442.
Aleuritis triloba, therapeutic action of the oil of, 131.
Allen, Harrison, M.D., topical applications in surgery, 363.
the mechanism of joints, 640.
Allis, Oscar H., M.D, the mechanism of the shoulder joint; with some points of practical interest, 125.
the fascia lata: its use in standing at rest; its value in the diagnosis of fracture of the neck of the femur, 579.
Alterations in the brain in typhoid fever and traumatic inflammation, 133.
Amblyopia and amaurosis, treatment of, by nitrite of amyl, 514.
Amenorrhœa and dysmenorrhœa, massage in, 310.
American and English authors, 159.
American Gynæcological Society, first annual meeting of, 645.
American Medical Association, twenty-seventh annual meeting of, 469.
American Medical Editors, eighth annual meeting of the Association of, 472.
Ammonia, a large dose of, 367.
Amputation, a case of neuroma after, 9.
at the elbow-joint, 44.
at the hip-joint, 166.
in a diabetic patient; fatal result, 490.
of carbuncle, 166.
supra-condyloid, of the thigh, 70.
Amputations, changes in the spinal marrow after, 439
An extraordinary story, 312.
Anæmia, changes of the retina in pernicious progressive, 156.
pernicious, 540.
transfusion in, 514.
Aneurism, a remarkable case of, 359.
case of popliteal, treated by digital pressure, 383.
electrolysis in thoracic, 261.
medical and surgical treatment of, 628.
of the aorta treated by galvano-puncture by the method of Ciniselli, 205.
of the external carotid artery, cure of, by compression, 156.
of the thoracic aorta, 67.
the wire compress in, 23.
Aneurismal tumor of the pharynx, 144.
Aneurisms, the treatment of, by means of the incomplete permanent metallic ligature "à fil perdu," 154.
Angina pectoris, etiology of, 564.
Anomalies of the circulatory apparatus, a lecture upon the explanation of the, 313.
Antiseptic method, the, 254.
surgery, 626.
Aortitis, chronic, 192.
Apoplexy, spinal, 439.
Argyria, a case of, 9.
Army news: official list of changes of stations of the Medical Department, U. S. Army. 24, 48. 72, 96, 120, 144, 168, 192, 216, 240, 264, 288, 312, 336, 360, 384, 408, 432, 456, 480, 504, 528, 552, 576, 600, 624, 648.
Arsenic-eating, 216.
Artificial anus in cases of tumor of the rectum, 180.
drum-membranes, 634.
Asphyxia, hypersecretion of certain glands at the moment of death by, 47.
Aspiration of the intestines, 11.
Association for the Relief of Idiots and the Feeble-Minded, 472.
Association of the Representatives of American Medical Colleges, 501.
Asthma, nitrite of amyl in, 58.
Athetosis, a case of, 22.
Atkinson, William B., M.D., Hints in the Obstetric Procedure, 164.
Atlas of Skin Diseases, 189, 473.
Atrophy, post-mortem appearances in a case of progressive muscular, 511.
Atropia as a test of death, 179.
in opium-poisoning, 106.
Atropine, on the antagonism of prussic acid and, 324.
Aural vertigo, 635.
Australia, frontier medical life in, 47.
Bacteria, 631.
and septicæmia, 214.
Bailey, James S., M.D., albuminuria and eclampsia at the eighth month of pregnancy, 219.
Balham mystery, the, 625.
Bastian, H. Charlton, On Paralysis from Brain-Disease, 92.
Bauduy, Jerome K., M.D., Lectures on Diseases of the Nervous System, 68.
Beck, Jos. R., M.D., reduction of a retroverted uterus after six abortions, 4.
Beet molasses, 120.
Bell, Sir Charles, anecdote of, 303.
Belladonna-poisoning, jaborandi in, 381.
Biliary calculi, extracted through the abdominal walls, 47.
coloring matter, test for, 38.
Biological and Microscopical Section of the Academy of Natural Sciences, 19, 236, 378.
Biology, proceedings of Section on, in International Medical Congress, 638.
Bismuth and creasote in infantile vomiting, 46.
Black, D. Campbell, M.D., Lectures on Bright's Disease, 308.
Bladder, cancerous disease of the, resembling calculus, 454.
fungus of the, recurrent phosphatic calculi, repeated lithotripsy, rapid death, 490.
Bleed, when we may and when we may not, 335.
Blood, a simple test for ascertaining the presence of, in liquids or in cloth, 503.
microscopy of, 638.
on the origin of cells containing elements of the, and the metamorphosis in the lymph-sac of the frog, 298.
stains, improved method of applying the micro-spectroscopic test for, 78.
stains, medico-legal examination of, 370.
Body, least resistant points of the, 12.
Boeck, Professor, 208.
Bones, surgical division of, 630.
Bonwill's method of inducing anæsthesia, introductory at the Pennsylvania Hospital on, 265
Borax, antiseptic properties of, 584.
Botanical Hand-Book, 453
Brain, a case of hemorrhage into the ventricles of the, in an infant child of six months, 507.
foreign body in the, 204.
punctured wound of the, 304.
Bright's disease, influence of uræmia upon the temperature in primary, 511.
Lectures on, 308.
British Medical Association, 621.
Broad ligament, fluid from cyst of the, 42.
Bromide of lithium, 143.
of potassium, the acne due to, 108.
Brooke, J., Ass't-Surg. U.S.A., a large dose of ammonia, 367.
Brown, Bedford, M.D., remarks on the pathology of burns and their rational treatment, 505.

Brown, Chas. W., M.D., typhoid fever infection from drinking-water, 80.
Brown, J. Balfour, Esq., The Medical Jurisprudence of Insanity, 237.
Brunton, T. Lauder, Experimental Investigations of the Action of Medicines, 309.
Buchanan, Wm. F., M.D., deposition of the ova of the fly in the nasal fossæ; recovery, 57.
Buck, Albert H., M.D., Diseases of the Respiratory Organs, 380.
Burn Brae, 395.
Burnett, Chas. H., M.D., living larvæ in the ear, and methods for their destruction, 102.
Burns, remarks on the pathology of, and their rational treatment, 505.
Busey, Samuel C., M.D., epileptic convulsions following sudden suspension of a long-continued habit of opium-eating, 319.
puerperal eclampsia, 532.
Butylchloral, 346, 539.
Byrd, Harvey L., M.D., damiana as an aphrodisiac, 293.

Calculi, simple mode of extracting, arrested in the urethra, 478.
Calculus, a case of urethral, 371.
enlarged prostate mistaken for, 190.
Camphor, monobromide of, 11.
Cancer of the peritoneum, 385.
of the pylorus, a case of, in which great relief followed the washing out of the stomach with dilute alkaline solutions, 414.
of the testicle in an infant of ten months, 491.
Carbolic acid as used for the purposes of disinfection, 216.
caustic and anæsthetic effects of, 94.
in treatment of synovitis, 11.
treatment of fungous inflammations of the joints by injection of, 254.
vapor, treatment of whooping-cough with, 191.
Carbonic acid, migraine cured by, 13.
Carbuncle, amputation of, 166.
the origin of, 132.
treated successfully by concentric pressure, 34.
Cardiac intermission, 119.
Carlyle an anti-vivisectionist, 216.
Carpenter, William B., M.D., Principles of Human Physiology, 238.
Case, an interesting, 581.
of cut throat, 598.
of Dr. Linton, 18.
of partial rupture of the popliteal artery and complete rupture of the popliteal vein; primary amputation of the thigh, 117.
of rupture of the umbilical cord during delivery, 45.
Cataract-extraction, report of forty recent cases of, 245.
Cathartic, an agreeable, 206.
Cautery, new, 480.
Cerebral diagnosis, 216.
Cerebro-spinal meningitis, treatment of, 475.
Cervical tumors, treatment of, 21.
Chancre, case of soft, with secondary symptoms, 163.
phagædenic, 437.
Chancres, the anatomical structures of the soft and hard, 479
Changes in the brain during abdominal typhus and traumatic inflammation, 108.
Chapman, Henry C., M.D., a lecture upon the explanation of the anomalies of the circulatory apparatus, etc., 313.
Chemistry and toxicology, medical, address on, 605.
Cheyne-Stokes respiration, remarks on, especially in connection with tubercular meningitis, 416.
Chloral, death from ten grains of (?), 168.
hydrate, poisoning by, 335.
Chloral in diseases of children, 299.
in pityriasis, 383.
in puerperal convulsions, 166.
Chloroform and the pupil, 270.
in the treatment of hæmoptysis, 264.
Chlorosis, elimination of phosphates in, and in phthisis, 59.
Chloroxalethylin, the action of, 512.
Cholera Epidemic of 1873, 88.
infantum, cold baths in, 576.
infantum, prophylactic in, 167.
Outbreak of, among Convicts, 453.
the prophylaxis of, 443.
the rational treatment of, 430.
Chorea, a fatal case of, 535.
new remedies in, 179.
on the use of nitrite of amyl, especially in, 486.
specimens from a case of fatal, 546.
Clavicle, method of treating dislocations upwards and backwards of the scapular end of the, 599.
Cleeman, Richard A., M.D., wrinkling of the ligamentum patellæ a sign of femoral shortening, 392.
Clinical Lectures and Essays, 116.
teaching in Paris, 288.
Cloth tents, 118.
Club foot, 83.
simple treatment for, 142.
treatment of, 46.
Coca-leaf as a stimulant, 168.
Cod-liver oil and phosphorus, formula for the combined administration of, 47.
the action of, 189.
Cohen, J. Solis, M.D., Inhalation in the Treatment of Diseases, 309.
Cold in the head, how to cure, 383.
College of Physicians, the, 208.
Colored glass in insanity, 383.
Complete luxation of the right side of the pelvis, 36.
Compressed air, theory of the action of, 359.
Concussion and compression of the brain, differential diagnosis of, by means of the ophthalmoscope, 36.
and compression of the brain, differential ophthalmoscopic signs of, 371.
of the brain and spinal cord in railway accidents, results of, 563.
Congenital dislocation of the knee-joint, two cases of, 47.
stricture of the hepatic duct with consequent cirrhosis, 215.
Conjunctival diseases, comparative value of caustics and astringents in treatment of, 640.
transplantation from the rabbit to man, on, 380.
Connection between vitiligo and exophthalmic goitre, 38.
Constipation, obstinate, due to a pediculated lipoma of the rectum, 60.
Consumption in Australia, 525.
Contagion and putridity, 222.
Contracted pupil in heart-disease, 118.
Convulsions due to uterine polypus, 167.
in children depending upon a high temperature of the body, on the management of, 612.
Cooking by cold, 456.
Corn, the poisonous principle of spoiled, 511.
Cornea, affection of the, resulting from section of the trigeminus, 393.
Corpora striata, a case of grave lesion of both, 215.
Corpulence, treatment of, 24.
Correspondence, medical matters in New York, 62–66.
Coryza, a powder for the treatment of, 133.
Cotton pessary, the, 310.
Cremation at Milan, 192.
Croup, a case of primary bronchial, 346
and diphtheria, 190.
and diphtheria, discussion upon, 209.
are croup and diphtheria identical? 193.
Croup, are diphtheritic and pseudo-membranous identical or distinct affections? 617.
tracheotomy in, 359.
Curare in hydrophobia, 277.
Cyclopædia of the Practice of Medicine, 358, 380, 596.
Cyst, serous, of the breast, 524.
Cystic tumor in the rectum, 22.
Cystitis, sub-acute, following parturition, 475.
treatment of, by atropia enemata, 551.
Cystocercus of the pons varolii, 298.

Da Costa, J. M., M.D., Medical Diagnosis, 237
Dalton, John C., M.D., A Treatise on Human Physiology, 92.
Damiana as an aphrodisiac, 293.
Danger of flowering and fruit-bearing plants in sleeping-apartments, 369.
Deafness, subcutaneous injections of nitrate of strychnia in nervous, 13.
Deposition of the ova of the fly in the nasal fossæ; recovery, 57.
Dermatitis circumscripta herpetiformis, 421.
Dermatology, proceedings of Section on, in International Medical Congress, 635.

Diabetes and Food, On the Relation between, and its Application to the Treatment of the Disease, 20.
mellitus in a girl aged seven years, 94.
mellitus, lesion of the cerebellum with, 154.
mellitus, treatment of, by glycerin, 370.
phenic acid in, 253.
treated by skimmed milk, 239.
Diagnosis of the lesion in paraplegia, 1.
Diarrhœa in children, 310.
Differential diagnosis of concussion and compression of the brain by means of the ophthalmoscope, 36.
Digestion in infants, normal, 344.
Digitalin and its acid, 156.
Digitalis-poisoning, 551.
Dilatation of the cervix uteri—a new method of using sponge tents, 484.
of the female urethra, 192
of the female urethra by Simon's method, and extraction of a foreign body from the bladder, 10.
Diphtheria, 352.
larynx from a case of; tracheotomy, 357.
of the intestine, 156.
of the wound of vaccination, a case of, 372.
salicylic acid in, 155.
Diphtheritis, results following various modes of treatment of, 181.
Direct electrical irritation of the heart in mammals, 86.
Diseases of the Nervous System, Lectures on, 68.
Dislocating the jaw for chloroform-narcosis, 240.
Dislocation, dorsal, of the head of the femur, with eversion of the limb, 382.
Dislocations of the shoulder- and hip-joints, and the methods of reducing them, on the analogies of, 190.
Donkin, Arthur Scott, M.D., on the Relation between Diabetes and Food, and its Application to the Treatment of the Disease, 20.
Double congenital dislocation of the hip-joint, clinical lecture on the so-called, 169.
vagina and uterus, case of, 94.
Dowell, Greenville, M.D., report of four cases of hernia treated by the "subcutaneous silver-wire" method inverted, 509.

Duhring, Louis A., M.D., Atlas of Skin Diseases, 473.
Dunham, Wm. R., M.D., Theory of Medical Science, 574.
Dysentery, a case of chronic, rapidly cured by topical treatment, 310.
the abortive treatment of, 22.

Ear, clinical observations on the relief of pain in acute affections of the, 267.
extraction of foreign bodies from the, 597.
the Politzer collection of specimens illustrating the normal and pathological anatomy of the, 432.
Eau Figaro, 325.
Ectopia, thoracic cardiac, 370.
Eczema and psoriasis, are they distinct diseases? 636.
Eczema in children, treatment of, 240.
rubrum, treatment of, 35.
Effect of the application of the actual cautery to anæmic tissues, 85.
Elbow-joint, amputation at the, 44.
Electrolysis, with special remarks on the treatment of ovarian cysts, on, 615.
Elephantiasis Græcorum, a case of, 37.
Elimination of phosphates in chlorosis and in phthisis, 59.
Embalming, on modern, 576.
Embolism of the arteries, changes in the intestine due to, 300.
of central artery of the retina, 297.
Empyema, circumscribed; lesions of aortic and mitral valves; granular kidneys, 404.
radical operation for, 564.
the introduction of a drainage-tube in cases of, 263.
Encephalitis diphtheritica, 369.
Endocarditis ulcerosa, a case of, in the pulmonary artery, 324.
Epidermis, formation of, by the transplanting of hairs, 598.
Epiglottis, pediculated cyst of, 21.
Epilepsy following trauma, 583.
trephining in, 346.
Epithelioma, 259.
of the leg; amputation, 304.
Epulis with associated alveolus, 188.
Erysipelas, nitrate of lead as a local agent in, 434.
the silicate of potassium in the treatment of, 253.
Erythema, case of rheumatic, 255.
desquamative scarlatiniform, 300.
Eserine disks in tic, 46
Esmarch bandage, the, and its substitutes, 365.
embolism of the arteries of the lung following the use of, 514.
Ether, death from administration of, 504.
Eu-catharsia, or hints in regard to the mechanics of defecation, 553.
Excision of inferior maxillary bone, 629.
of the elbow-joint, a useful method of, 166.
of the hip, 524.
of the knee, 94, 524.
of the thyroid gland, 44.
Excretory function of the liver, 639.
Exercise, the influence of, on the circulation, 381.
Exophthalmic goitre, connection between vitiligo and, 38.
Experimental Investigations of the Action of Medicines, 309.
Exsection of the superior maxilla, tracheotomy as a preliminary to, 142.
Exstrophy of the bladder, 322.
of the bladder, new methods in the treatment of, and of erectile tumors, 334.
Extirpation of nævi followed by the growth of malignant tumors, 204.
of the astragalus, 299.
of the larynx, with the hyoid bone and part of the tongue, pharynx, and œsophagus, 297.
Extirpation of the tongue, 45.
of the uterus and of both ovaries, 277.
Extra-uterine fibroid of large size; removal by gastrotomy; hyperpyrexia; ice-bath; recovery, 191.
pregnancy in the beginning of the second month; death from hemorrhage, 596.
Pregnancy; its Causes, Species, Pathological Anatomy, Clinical History, Diagnosis, Prognosis, and Treatment, 260.
Eye, Bonwill's method of anæsthesia in diseases of the, 510.
Eyre, Frank, M.D., a new splint, 436.

Fascia lata, the; its use in standing at rest; its value in the diagnosis of fracture of the neck of the femur, 579.
Fatty embolism, the clinical signification of, 224.
tumor, 177.
Female apothecaries, 328.
Femoral aneurism cured by direct compression while the patient is taking active exercise, 93.
artery, ligature of the, with antiseptic catgut, 238.
shortening, wrinkling of the ligamentum patellæ a sign of, 392.
Fenner, C. S., M.D., Vision—its Optical Defects, 116.
Fever, grapes in, 345.
nitrite of amyl in intermittent, 489.
the relation between the central and peripheral temperature in, 438.
Fevers, inoculation of, 454.
Fibro-adenoma papillare in the mucous membrane of the colon, around the ileo-cæcal valve, 91.
Fibroid tumor of the prostate successfully treated by injections of iodine, 551.
